

DURABOOK MULTI-PARTITIONED LAPTOP

Standard Build | Sunlight Readable Touch

✓ Durable ✓ 5 Partitions ✓ 2 Yr Warranty

MADE TO GET THE JOB DONE. MADE FOR MECHANICS.

Specifically designed to meet the needs of automotive technicians, our laptops help you keep your jobs in-house and save on hardware costs by providing a single solution that's efficient, scalable, and easy to use.

1 Part. 2 Part. 3 Partition 4 Part. 5 Part.

Durable and Reliable

Our laptops are built tough—drop-resistant, shock-resistant, dust-resistant, and water-resistant—making them perfect for the rugged demands of any workshop.

Multiple Partitions for Efficiency

Avoid software conflicts and compatibility issues by keeping all your OEM software on one laptop. With our unique hard drive partitioning, you can run multiple diagnostic programs seamlessly, saving space and eliminating the need for multiple laptops.

Easy Switching

As your tool arsenal grows, simply add more partitions to your hard drive. If you outgrow the included 1TB, upgrading is simple and keeps all your essential tools in one place.

Remote Management & Recovery

We handle your entire system remotely. If something goes wrong, we can restore your laptop to full functionality within minutes, keeping you focused on what matters—repairing vehicles.
